

## Fact File

### **My guidance for attempting to break the world record for the Most books priced in one minute**

For all you book lovers, could this be the perfect way to express your passion? Your fingers had better be nimble if you want to stand any chance of success. If you're full of energy, beware that you don't toss each book so far that it hits a spectator. And of course, do it all properly, I say.

To start, gear up for a few rules, such as:

- price each book one at a time.
- have a timekeeper present.

Get some books. Go get them today, and come home with a pricing gun. But don't complain to me if you spend weeks searching for these things – because you're the one who wants the glory.

Still keen? WorldRecordChase.com is happy to mentor others wishing to attempt this world record, at reasonable rates.

Enjoy.
