My guidance for attempting to break the world record for the Most gambling machines dropped

This has got to be one of the most rewarding experiences for a person craving an adrenalin rush. Danger, the unpredictable, and fear all neatly put together. But if its done properly, as we did it, you could be safe.

To start, gear up for a few rules, such as:

- use a means of elevating your load.
- have witnesses present.

Seriously, this is potentially a very dangerous undertaking. I wouldn't recommend you even consider it unless you have a firm plan and you've spent months giving it detailed thought. Start dreaming about it now... you'll be entertained.

Still keen? WorldRecordChase.com is happy to mentor others wishing to attempt this world record, at reasonable rates.

Enjoy.
