

Fact File

My guidance for attempting to break the world record for the Most M&M pretzel candies moved with a straw in 1 minute

For me, this came down to speed, accuracy and knowing how to make just the right container. For you, success at moving M&M pretzels may mean you need to try something else. But whatever you do, give it all you've got and aim as high as you can. Be prepared to move each pretzel in under one second though...

To start, gear up for a few rules, such as:

- use M&M pretzels.
- measure the required distance before you start.

If you ever wanted to be a champion at something irrelevant to the world, this could be your chance. But remember, by trying to beat me, you'll only encourage me to think of getting my own world record back.
