My guidance for attempting to break the world record for the Longest passport page

Sure, you can do this. But there's an awful lot you'll have to go through first. Have you got a reason for an embassy or high commission to extend your passport pages with security-marked paper? If you have, then you could begin investigating.

To start, gear up for a few rules, such as:

- gather sufficient evidence to prove the passport is yours.
- have the used page in question inspected and measured.

Making this world record attempt is easy in itself. It was the great story behind mine that is most memorable to me. Perhaps that's how it might be for you too. Whether you stand a chance of achieving this or not is a question I can't answer right now.

Enjoy.
